

## Jet Class Newsletter

In English we have introduced the children to our new class text 'The Search for The Giant Arctic Jellyfish' by Chloe Savage. We had a super Book Talk session where we explored the story and have created 'wanted' posters describing the jellyfish.

In Maths we have been developing our understanding of fractions focusing on  $\frac{1}{2}$ ,  $\frac{1}{4}$  and  $\frac{1}{3}$  of shapes. In History we have been learning all about the famous explorer Ernest Shackleton and his extraordinary expedition to Antarctica aboard Endurance.

In P.E we have been developing our hoop and balls skills.

Coming up next week	Ways to support at home
<p>In English we will be researching polar bears to help us write a fact sheet about them.</p> <p>In Maths we will be learning about fractions of groups and amounts.</p>	<p>Continue to practice your number bond facts each week.</p> <p>Reading x 5 a week</p> <p>Mathletics task: Fractions - Shade fractions and halves and quarters</p>

Key dates coming up:

Week beginning 19<sup>th</sup> January - children to bring into class natural materials in a bag (small sticks, small stones, leaves, pinecones etc) for our art sculptures.

Friday 13<sup>th</sup> February - Non uniform day - Wear red.
