What have we been learning?

Welcome back, we hope you all enjoyed the summer holidays. The children were very excited to see their new environment and are happily enjoying our 'Under the sea' theme.

The children have settled back in their learning and have been busy sketching and shading sea creatures in their new sketchbooks. They then used the pictures to write captions describing their chosen sea creatures using their phonic sounds.

In P.E this term we are developing our dance skills, this week we moved our bodies like lobsters, octopus and shoals of fish. We use our 'teamwork' ELLI power learning in pairs and groups.

In maths we have been finding all the different ways we can represent a number and matching numbers to numerals and words.

Next Week

We have our WOW day on Monday. We are lucky enough to have some shanty people coming into school to teach us some sea shanties and sea activities.

In art we will be starting to create our mermaid collages based on the story 'The singing mermaid'.

In maths we will be comparing numbers using a wide variety of mathematical resources.

In Dance we will be moving like dolphins, whales and seals.

Home learning

We will be sending home reading books for the weekend. Please read with your child at least 5 times a week and record it in their orange home-school book.

Remember this can be them reading to you, you reading to them, a book on bug club or a chosen book from home or the library.

Important dates

Meet the teacher with Mrs Rehman - Thursday 12th September @ 3pm

Parent helper meeting with Mrs Williams Thursday 12th September @ 9am

Please come in via the main office.
