## What have we been learning?

This week, we have been looking at the global charity- Greenpeace. We have all been very interested in how they try to help the planet and also the animals who live within it. We thought of lots of questions we would like to ask and used the computers to type these into an email to them.

We loved reading the book and completed a book review about it. We thought about the setting, the character and the main events of the story.

In Maths, we have been continuing to work with money and have been very lucky to see the price list for Mowgli new shop in the man village. We were set the problem of seeing how many items we could buy for a set amount and thought about how to show our workings.

### Next Term

We will be moving on to look in more detail at the country of India.

We will be kick starting this with our 2<sup>nd</sup> WOW with the children taking part in the Bollywood Workshop. The children will then build on the dance moves they learn to create a Bollywood dance.

In Maths, we will begin to look at addition in more detail.

We will also have a visit from the Life bus, we will be having our session on Tuesday and thinking all about feelings. This will then lead into some PSHE learning.

### Other News

The children have all been set an assessment on Mathletics that they will need to complete over the half term. Please try to encourage them to answer all the questions by themselves. This will help to support us with areas of development.

Please could the children complete any of the books they have in their Bug Club library- so that it is empty ready for the start of Term 2.

Don't forget to return any reply forms for both the Bollywood dance workshop and the Wizard of Oz.
