What have we been learning?

Another busy week in Jet Class, we have been writing our own diary entries imagining that we are the Queen recounting her famous coronation. We really thought about how the Queen would have felt throughout the day and the thoughts she would be having. They sound fantastic!

In DT we have shared and evaluated a variety of patchwork quilts and the children have loved sharing their own quilts from home. We have talked about the shapes colours and patterns we could see and discussed our likes and dislikes. We are now ready to stencil and cut out our own Royal shape from felt ready to sew onto our chosen square of material for our class patchwork quilt.

In recorders we learnt the note A this week and then played a tune using both the notes we have learnt A and B. We are sounding really good!

Next Week

In English we will be writing a fact sheet about Royal artefacts. The children will be organising their ideas into sections using subheadings and a range of conjunctions to extend their sentences.

We will be starting to sew our Royal shapes onto our material squares in DT.

In P.E we will be combining our maths skills developing our understanding of turns, directions and angles. We will be guiding each other around a large scale map of London.

Important Date.

Sport day - Tuesday 21st May – KS1 (am)

Jet class would like to invite you all to a recorder performance on Tuesday 2nd July at 1pm for about 45 minutes in the school hall. We hope you will all be able to make it.

Home learning

Maths home learning will be coming home this week consolidating our understanding of 3D shapes and their properties.

We still need off cuts of materials to make our patchwork quilt, please send them into school if you have any we can have from home.

At the end of the day the children are finding it difficult to see their parents if they are far away from the classroom door. Please could we ask you to stand a little closer to the KS1 door so that your child can easily spot you.
