

## Jet Class Newsletter

In English this week we have been writing diary entries of Lily's fantastic day in her garden of India. The children worked hard to include all the grammar skills they have learnt in Year 2.

In Maths we have been looking at statistics and creating pictograms and bar charts. The children collected data about what their favourite book has been that we have worked on this year. *Hom* was the clear favourite!

In Science the children have been investigating the differences between seeds and bulbs. .

Key Dates to Remember:

Recorder concert and Journal Share - Thursday 9th July @ 2.30pm

<b>Coming up next week</b>	<b>Ways to support at home</b>
<p>In Maths we will be creating patterns and predicting what comes next in a repeating pattern.</p> <p>In Science we will be learning that we eat all different parts of plants such as the roots, the stem, the leaves and the flower</p>	<p>Reading x 5 a week</p> <p>TTRS &amp; timetables in blue books</p> <p>Practise weekly spellings.</p> <p><b>Mathletics task:</b> Column Graphs</p>
