

Jet Class Newsletter

18.03.2021

Another great week in Jet Class. We have been learning a lot about feelings this week in Jigsaw and English. We loved watching our English video 'The Windmill Farmer' and used our imaginations to imagine how he would be feeling at different parts of the story. We imagined that we had 'stepped into the picture' and acted out our feelings. We made a list of all the different feelings and used the dictionaries to find these words and their definitions. We have used these feeling words to write short diary entries imagining we are the Windmill farmer.

In maths we have been applying our multiplication knowledge of the 2, 3, 5, and 10 times tables to solve word problems and challenges, proving our answers using mathematical resources.

In DT we have designed our own healthy biscuits, thinking about the shape, flavour and toppings. We came up with some fantastic names for our biscuits!

In Jigsaw we talked about times when we feel calm and relaxed and times we feel stressed and tense. We looked at different photographs of people in different situations and rated them 1-10 depending on how calm or tense they looked. We then wrote down feeling words for each picture with our talk partners.

Next week

English - we are becoming poets and writing our own poems.

Maths - Our focus this week is on statistics, we will be gathering data and using this data to create charts and graphs and then answering questions based on the results.

In Jigsaw we will be learning more about healthy eating

Science - we will be continuing our learning about materials and their properties and how materials can be changed.

Other News

Home learning

Please continue supporting your child with reading 5 times a week and learning their weekly spellings.

Over the last two weeks we have been focusing on the 10 and 5 times tables in daily 10. The children were very keen to continue to practise these at home to get quicker at answering the questions. Below is the link to follow and you will also find it on Google classroom.
