

Jet Class Newsletter

Jet Class have had a brilliant first couple of weeks in Jet back to school and they have been enjoying being immersed in our first project "What's in my world?" and getting to explore our amazing classroom environment. The children really enjoyed our visit by Farmer Kingston in Week 1 and asked lots of questions about life as a farmer in Wickwar. This week we went on a local history walk around Wickwar and the children learnt lots of facts about our village.

In English we have been reading our first class book "Click, Clack Moo, Cows That Type". In Maths we have been representing umbers to 100 using a range of manipulatives. In Science we have been revising our knowledge of different animal groups.

Key dates: Tuesday 20th October - Class trip to St Augustines Farm (letters to follow)

Coming up next week	Way to support at home
In Maths, we will be partitioning two-digit numbers in tens and ones using the dienes and comparing numbers to 100. In English we will be using role play to think about how the characters in our class text 'Click, Clack Moo' feel and then use this to create a persuasive poster advertising the farm.	Mathletics Home learning has been set on Mathletics linked to our learning in class on place value and counting. Please support your child to complete this at home. Any login problems please let us know. Next week we will be assessing the children on their spellings from last year, once we have completed these assessments we will issue the children with new spellings. Spellings will be tested each Monday. Please remember to read with your child five times a week, it is extremely important that they are reading frequently at home. Reading books will be changed every Friday.
