What have we been learning?

This week we have completed our final outcome in Music, 'Who is coming?' and we loved having the opportunity to perform them to Emerald. We worked hard to ensure that our music made the audience feel like they were in the land of dinosaurs. After we had performed we all gave each other thoughtful warm and cool feedback.

In maths we were set a challenge by Andy to gather data to see which was the most popular dinosaur in Jet class. With the data we had gathered we then used the computer programme Texteaze to create a bar chart.

Next Term

Our new project for Terms 5 and 6 is called 'What's on the Royal Menu?'

Our wow for this new project is going to be a traditional afternoon tea. We will be preparing the food on Wednesday 24th April. If your child has any allergies please let us know in advance.

We will be holding our afternoon tea on Thursday 25th April, and we kindly request that on that date the children come dressed as a Queen, King, Princess etc.

More details about our project and what we will be learning will follow at the beginning of next term.

Please remember to return any outstanding forms by Wednesday 24th April for the Multi Skills event at KLB.

There is some comprehension homework for the children to complete over the holidays. We have also sent home a SATS maths reasoning paper for the children to complete.

Please also encourage your child to use Times Table Rockstars and Mathletics over the holidays.

We hope you all have a restful and enjoyable Easter.
