What have we been learning?

19.12.18

This week in English the children have been writing Christmas acrostics and shape poems.

In Maths we have been subtracting using the column method, making sure we used our squares in our books to help us lay out our tens and ones.

We have also had a big focus these past weeks on our maths fluency. We have been doing the daily 10- having 3 goes to add, subtract and find 10 less.

<https://www.topmarks.co.uk/maths-games/daily10>

For homework over the Christmas holidays, please can you practise the daily 10 with your children- they do really enjoy it!

Next Week

Have a very happy Christmas and a happy new year!
