15.09.23

What have we been learning?

We have had a brilliant first two weeks back in Jet Class as Year 2s! Last week we had two WOW experiences to immerse ourselves in our new project 'What's in my World?' and loved exploring our new classroom environment.

We were extremely lucky to have Mr Kingston (the farmer) come in to talk to us all about his job as a dairy farmer in Wickwar. He told us all about the animals he has on his farm and how he looks after them every day. It was very interesting and we used the information he told us to write a recount during our English lessons.

We remembered to use the correct punctuation and to write in the past tense using -ed.

We also went on a lovely local walk finding out about the history of Wickwar, we spotted lots of historical buildings and we were very curious asking questions about the different places we saw.

This week we have been learning about our new class text 'Click Clack Moo!', we have been acting out different parts of the story becoming the animal characters from the farm. We thought about using clear voices and getting into role.

Next Week

In Maths, we will be partitioning two digit numbers in tens and ones using the dienes and exploring odd and even numbers.

In Grammar we will be adding 'y' to root words and applying this knowledge in our diary entries imagining we are Farmer Clegg.

In Art we will be exploring the famous artist David Hockney and using viewfinders to draw small sections of his artwork.

In P.E we are developing our dance skills, in our first dance called 'cats' we will be using different levels, directions and speeds.

Home learning

Home learning has been set on Mathletics this week, please support your child to complete any learning they been allocated.

We are currently assessing the children on their spellings from last year, once we have completed these assessments we will issue the children with new spellings. Spellings will be tested each Thursday.

Please remember to read with your child five times a week, it is extremely important that they are reading frequency at home. We will be celebrating the children achieving their fivers in assembly on Thursdays.
