

Jet Class Newsletter 18.09.2020

What have we been learning?

We have been very busy this week. Thank you to all the children who made such a super effort with their home learning to investigate a jungle animal. We were able to use all of this information to complete our first mini outcome "Who am I?" we all wrote non-fiction fact sheets including sub-headings, noun phrases, questions to the reader and an amazing amount of detail.

In Maths, we have been consolidating reading and writing numbers in numerals and words from 0-100. We had a great time outside using the giant chalks to write the number names for a given number. We have also been exploring the value of numbers and comparing different 2 digit numbers by using the symbols < > =

In music we are exploring tempo and rhythm. We need to create a piece of music as if we were a herd of elephants travelling in the jungle. We were only able to create the music using our bodies and voices as an instrument. We had to think of ways to change the tempo and keep the same rhythm as a group.

Next Week

Next week in English, we will be working on our questioning skills to use different questioning vocabulary to write questions about Elephants.

In Computing, we will be continuing with our mini outcome and creating our comic strips, adding on the next two pictures using a paint programme on the Learnpads.

In RE, we will be continuing to think about the different ways that Christians show that they care for other people and will be thinking about ways we care for people and the times we have supported or given someone encouragement when they have needed it.

During maths, the children will be consolidating what they have covered so far this term linked to place value and will use all of their knowledge to solve different problems.

Other News

We all need to continue to work on the spellings of number names, we have uploaded onto Google Classroom a resource and would like your child to learn these spellings at home alongside the Year 1 common exception words they are currently learning.

There is new home learning to be found on Google Classroom, where the children will be practising counting in 2s.

Please note that the scooter training will now be on Wednesday 14th October. Please see letter on Google Classroom Stream for more information.

Please see Google Stream for the message about reading books. This was added to the stream on Tuesday 15th September 2020.
