

Maths

To practise your addition and multiplication skills, work out how many legs the gifts from the 12 days of Christmas have altogether. E.g. 2 turtle doves: 2×2 legs = 4 legs.

Show your calculations and present your learning in a creative way.

Remember to read 5 x a week!

Home Learning Grid – Term 2

Pearl Class

Term 2 – Home learning to be shared on Tuesday 11th December. This will be shared between classes.

How far can you go?

English:

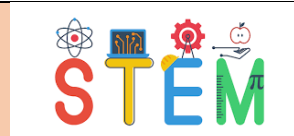

Write a report/fact file about either the Varmints or the Others. You will have to use your imagination to expand upon what we already know. Think about:

Appearance – what do they look like?

Habitat – where do they live?

Diet – what do they eat?

You could include subheadings and pictures to help organise your report and provide extra detail.

Science and Technology

Computing:

Using Scratch, retell the story of the Varmints. Use the skills you learnt during our Space Scratch projects e.g. importing images from the internet and editing them into your project.

The Arts Art, DT & Music

DT:

Design and create a Christmas decoration. You could use recycled materials. Bring in a drawn/written design and your finished decoration.

The World RE, PHSE, History, Geography & PE

PHSE:

Create a poster or leaflet to demonstrate your understanding of our learning on the Life Bus. This could be about legal and illegal drugs, smoking or being assertive.

Tell your teacher about the home learning you have

Which gem powers have you used?
