

# Pearl Class Newsletter

09.11.18

In English this week we have begun to look at the book 'Varmints' and have also watched a film version of the story. Over the next couple of weeks we will be developing our grammar skills and considering the message behind the story further before writing our own versions of the story.

In Maths we have been working on our mental methods of multiplication using our knowledge of times tables and partitioning. Next week we will be continuing to work on mental strategies but focusing on multiplying and dividing by 10, 100 and 1000.

After completing our Scratch projects which we will be sharing with Year 2, we will now be beginning to think about our Art/DT project for the Christmas fair which links to our Space theme.

In Science this term, we will be focusing on forces and their impact here on Earth, on other planets and in wider space.

Next week we will be visiting the Life Bus where we will learn about legal and illegal drugs as well as the skills of assertiveness. We will also follow up this learning in class. It is also anti-bullying week so we will be discussing this in class too.

## Reminders:

- Read at least 5 times a week
- Practise times tables
- Mathletics homework
- Learn spellings
