

Pearl Class Newsletter

Another week that has flown by and with one week left we have been doing a lot of finishing off this week!

During English this week, the children have planned and started to write the story of Cosmic (our class text). First of all, the children retold the story of Cosmic, right up to where Liam and Florida get on a plane to China, the children then got to choose what happened next, whether this was the real ending or something they made up. During their write up, the children remembered the skills they had been learning this term such as subordinate clauses, relative clauses, parenthesis and dialogue!

On Tuesday, the children put all their space learning together on a beautiful double page spread. The children recalled facts they had learnt in Science, from their trip to Techniquest but also used iPads to explore the NASA website and find out even more facts!

During PE this term the children have been building on their netball skills. This week they were practicing the skill of "faking", where they pretend to pass to someone but throw the ball in a different direction. The children were good at this but realised they had to be paying attention at all times otherwise a ball might come flying towards them unexpectedly! At the end of the session, the class was split into quarters and we had two matches going at the same time, but instead of using nets, they used hoops and one player from each team held a hoop in the air for their own team to shoot into! The children had a lot of fun, despite complaining about the cold!

Pearl Class

PE - will take place on Wednesday mornings and Thursday afternoons. Please ensure your child is wearing a PE kit in school on these days - thank you.

Spellings - this will no longer be set to test. Instead your child will bring home a spelling book, which will show you what words and rules we have been learning each week.

Reading - Children can read independently, however please sign their reading record so we know they have read at home.

Mathletics - Will be set online on Friday for your child to complete the following week.

TTRS - Please support your child with their times tables by logging on and letting the children complete different challenges.
