Term 3

English: We have started a new book – The Alchemist, which has certainly captured the children’s imagination!

Maths: Adding and subtraction of fractions including mixed and improper fractions.

D/T: We have begun our unit on frame structures by investigating the different frame structures in the school playground.

History – The children finished making a poster on the people they had chosen to research from Mayan society. We then shared all the group research as a class. The learning was very impressive and will be part of our class Museum.

Home learning has been pouring in this week with some impressive headdresses and designs of head wear that the Mayans may have worn.
