

# Pearl Class Newsletter

01.03.19

This week we have begun the building of our own 'Wonders'. We have been using a range of DT and maths skills to build the wooden framework for our rooms: measuring and calculating lengths of wood, sawing and joining using glue guns. Our creative skills have also been used to begin making the inside of our rooms.

In English we have been continuing our stories which are all unique, imaginative and interesting to read. Next week, we will finish, edit and improve them.

In Maths, continuing our fractions learning, we have been learning to convert between mixed numbers and improper fractions. Next week we will learn how to multiply fractions by a whole number before moving on to look at equivalence between fractions, decimals and percentages.

## Reminders:

- Viewing of sex education videos: Thursday 7<sup>th</sup> March at 9.10am
- World Book Day: Thursday 7<sup>th</sup> March – dress as favourite book character.
- Read at least 5 times a week
- Mathematics homework
- Practise times tables
- Practise spellings
