We had the most wonderful three days in sunny Kilve, enjoying a range of challenging activities and having brilliant fun together.

On our first day we visited Kilve beach on a hunt for fossils and crabs in the rock pools before spending the evening testing our knowledge in a trivia hunt. I was very impressed by the high scores!

Our second day was full of activities: climbing, archery, team building and mountain biking and was then followed by a very entertaining disco!

Before returning home, we explored the Kilve site solving jumbled word puzzles and playing games in the maze.

A fantastic time was had by all! It was an absolute privilege to take the children on camp, their behaviour excellent and they provided us with endless fun and entertainment – you should all be extremely proud.
