Pearl Class Newsletter

We had a wonderful Titanic day on Monday. Firstly, we completed our boarding passes; deciding which class we were travelling in and sharing the reasons for our trip to New York. We then spent a creative session with the play pod, building a replica Titanic and role-playing the events. Finally, we spent some time in character, debating who should get priority on the lifeboats. It was a fantastic day and it was clear to see how much has been learnt about the Titanic and the fateful night.
