

Pearl Class Newsletter

21.06.19

On Tuesday this week, we spent the morning with Jet class supporting them with their Computing learning. We demonstrated excellent leadership and communication skills as well as great PowerPoint skills. It was wonderful to see the encouragement and clear explanations given.

Also this week we have begun designing our final mosaic, splitting into six groups with an area of the finished piece to plan. We have now created designs to scale ready to be drawn onto our wood base before beginning the process of mosaic making.

Reminders:

- Continue to use TT Rockstars to practise times tables.
- Mathematics homework
- Read at least 5 times a week – try to choose some of the 50 recommended reads for Year 5. How many can you read before the end of the year?
- Over the coming weeks we will be beginning our final project which will involve making a large scale, whole class Roman mosaic. If you have any leftover tiles or tiling products we would really appreciate them.
