

Pearl Class Newsletter

24.11.17

In English this week we have been looking at leaflets and how they inform and persuade the reader. We are now beginning to write our own leaflets to promote our sensory garden focusing on descriptive vocabulary and persuasive devices.

In Maths we have been continuing our learning on fractions: converting between mixed numbers and improper fractions and learning how to add fractions when the denominators are different. Next week we will continue to work on addition and subtraction of fractions as well as learning how to multiply a fraction by a whole number.

As a whole school, we were treated to a special assembly this week with a local singer/songwriter, Elles Bailey, coming in to talk to us all about how she uses technology to enhance her music and career. She inspired us all and reiterated the importance of self-belief, perseverance and hard work to help us succeed in whatever we choose to do.

Reminders:

- Mathematics homework – this should now be working
- Christmas Fair – Friday 1st December
- Christmas performances: Monday 11th December 6.30pm and Wednesday 13th December 2pm at the Church.

Final project outcome:

As you are aware we have been busy designing and creating a sensory garden. We will be officially opening the garden on **Friday 8th December** and you are invited to join us from **9.30 -10.30** to look at our wonderful learning and explore the garden with a hot drink.
