

Pearl Class Newsletter

Despite only being week 3 of the term, this seems to be the last “normal” week we will have until next term! With catch up swimming, Kilve and inset days looming, we had a lot of work to get through this week!

In maths this week, the children had finally come to the end of their fractions work and were recapping multiplying and dividing by 1- and 2-digit numbers.

During DT this week, the children were absolute superstars! They used saws to create mitre cuts and hot glue guns to glue their wood together. Most children created square-based pyramids for their Maya temples, but some were able to add a square or even a cube on top to make it look more realistic!

In geography, the children have been looking at the location of the Ancient Maya civilisation (linking to their WOW Day and history last term). They then created their own fact file all about Central America.

In music this term, the children have been listening and appraising different pieces of jazz music. They have then followed a three note bossa and create their own improvisation to go! This week, we listened to all the pairs and small groups improvisations. They were impressive and should be proud of themselves!

Coming up next week Learning focused

Maths: Multiplication and division – using multiples, factors, square and cube numbers.
DT: Finishing off and decorating temples
RE: The five pillars of Islam

Way to support at home (home learning)

Mathletics (4 – 5 set a week)
TTRS (at least once a week)
Reading (at least 5 times a week)

Key dates coming up:

Chinese lessons (every Thursday this term)

Kilve Court – 20th – 22nd March

Project Outcome – 26th and 27th March (TBC)
