

Pearl Class Newsletter

This week has been a super busy one for Pearl. Not only are we finishing everything off before half term but we had Safer Internet Day (Tuesday) and Children's Mental Health week.

In maths this week, the children have been learning all about fractions! The first two lessons were very tricky as we had to convert improper fractions to mixed numbers and vice versa. However, the children realised this was easy to do as it used their times tables and all persevered.

For Children's Mental Health week, the children created their own poster on what matters to them. They used the features from a non – chronological report to help them create a great poster.

In computing, the children created their own webpage, including links, images and information. Once they had done this, they used the iPads to see if their webpage was real and what information was already on the internet! They were shocked to see that most of what they had written was already on a real webpage!

Coming up next week Learning focused

Maths: Fractions
DT / Art: Sewing
Geography: Comparing Central America to the UK
Music: Jazz
Jigsaw: Healthy Me
RE: Muslims

Way to support at home (home learning)

Half term:
Please carry on with Mathletics, TTRS and reading.
