

# Pearl Class Newsletter

20.10.17

As part of our Science learning, we have been exploring why we have day and night. We planned a shadow investigation but, due to the absence of the Sun, we used globes, torches and Lego men instead.

In Music, we have been learning to sing Livin' on a Prayer by Bon Jovi. This week we split into groups and added instruments to enhance our performances! We were all very enthusiastic and confident while practising.

In English this week, we have been continuing to apply our grammar skills to write a report on one of the planets in our Solar System.

In Maths this week we have been applying our understanding of a range of multiplication and division skills through solving problems. After half term we will begin to learn about fractions, decimals and percentages.

For our end of term PE tournament, we all played football together in the rain and mud! Great fun was had by all! Our winning team...

Have a wonderful half term break – well done for working so hard!
