

Diamond Class Newsletter

This week in English, after finishing our stories, we started learning about different types of adverb, working together to sort them into categories.

In maths, we have been working on written methods of column addition and subtraction including finding missing numbers in calculations.

Dates for the diary:

- Tuesday 21st and Wednesday 22nd October 4-7pm - Parents' Evening meetings.
- Tuesday 9th December at 2pm and Thursday 11th December at 9:30am - Y3/4 Christmas Performances.

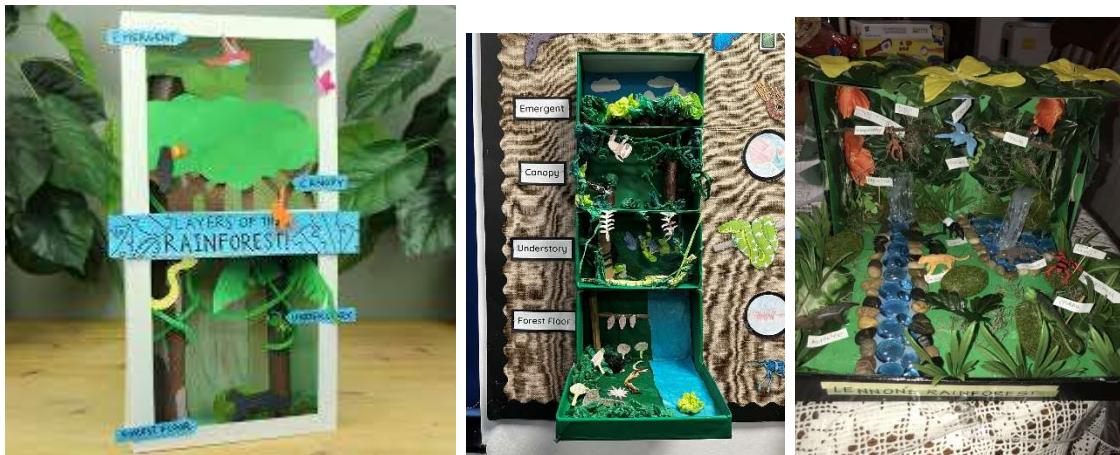

Coming up next week - Learning	Way to support at home
Next week in maths we will be applying our written methods of addition and subtraction to solve problems.	Read at least 5 times a week. Please ensure reading is recorded in the reading record books each week.
In English, we will be continuing our learning on adverbials and will be learning about tsunamis; using this knowledge to write information texts.	Mathletics
	TTRS – we will be learning our remaining times tables this year and as the Multiplication Check will take place in the summer, regular practise is vitally important.

10.10.2025

Home learning project:

Using everything you've learned about rainforests, including the layers and the animals that live there, create a 3D model of the rainforest. Include labels and information about each layer and what can be found there. Look at the examples below to give you some ideas.

Be as creative as you can and use any resources you like.

Bring in your finished models and information by 17th November for us to share in class during the week.
