

Ruby Class News

In **English** we have been planning and writing our own Little Red and the very hungry lion stories using a new setting with different animals to meet along the way. The children have impressed us by keeping in the past tense and using the different spelling rules we have been learning. In **Maths** we have continued to recap our understanding of numbers within 100 and have been using the inequality signs $<$ $>$ to compare numbers. During our **Jigsaw** lesson last week the children all enjoyed talking to each other about how they have changed since they were babies, thank you for sharing your pictures. In **Art** we explored using clay tools to make texture and marks in playdough ready to make our final piece clay tiles in the coming week or so.

Art – using clay tools to make texture

Coming up next week	Way to support at home (home learning)
<p>In English we will be planning and writing letters.</p> <p>In Maths we will solving addition and subtraction number sentences.</p>	<p>Read 5 times a week (Books changed on Fridays)</p> <p>Mathletics task – add and subtract problems</p>

Have a lovely weekend, Mrs Grainger
