

Ruby News

The children had a great day dressed as their favourite book character and spent time sharing and telling their stories. The class decided they wanted to add their story characters to our environment and drew some fantastic pictures with clues to what the stories are about.

In maths this week the children have been telling addition stories to get across the trolls' bridge for example once upon a time there were three little pigs (get 3 counters) and along came 2 wolves (add 2 counters). How many altogether? It would be great for the children to practise this at home.

In phonics this term we will be introducing more tricky words and digraphs, two letters one sound to progress reading and writing e.g. ch, sh, ng.

Have a lovely weekend!

Miss Tyler 😊
