

# Ruby Class News

Ruby class have got off to a great start in term 5 and have enjoyed the launch of our last project, *How can we twist the tale?*

In our first, short week we had our WOW day baking bread for Grandma and planting Jack's magic beans, as well as a musical workshop. This week in **English** we have written instructions for bread making using our wow day experience and have shared our new text, *Little Red* by Lynn Roberts to inspire us to write a character description for the wolf. In **Maths** we have begun our learning on positional language and have been exploring whole, half and three-quarter turns. As part of our wow day we planted beans in window bags to allow us to see the growth of roots which is part of our **Science** learning this term. So far all of our beans have started to grow roots and all the children are very excited to check their bean each day! In **DT** we are learning about freestanding structures and have been given a challenge to design a new chair for baby bear after Goldilocks broke his. This week we have been learning what a structure is and have used construction sets to make a chair.

DT – free standing structures

Coming up next week	Way to support at home (home learning)
In English we will be planning and writing our own Little Red narrative.	Read 5 times a week (Books changed on Fridays)
In Maths we will be comparing and solving problems with measures	Mathletics task – Months after/ before and Months of the year

## Key dates:

Bank holiday Monday 5<sup>th</sup> May

Have a lovely bank holiday weekend, Mrs Grainger
