

18th October 2019

Ruby Class Newsletter

In maths this week we have continued to look at place value: comparing, ordering, representing and estimating numbers.

We have also explored some cross-curricular maths linked to science, where we have carried out a survey using tally charts to find out children's favourite food in Ruby Class.

In English, we have been learning how to peer critique and edit our writing. We are using this to help us write our 'Wanted Poster' about Phileas Fogg.

In PSHE we have thought about how boys and girls can be similar and how we can sometimes make assumptions about what boys and girls like. The children have enjoyed getting to know Jigsaw Jo our new character to help us with our learning in PSHE.

In science we have been exploring what humans and animals need to survive, and what keeps us healthy.

For your information

PE will take place on Wednesday afternoons and Friday mornings. Please can you ensure your child has a PE kit in school on these days - thank you.

Please can we encourage you to read with your child (5 times a week) and sign/initial to say you have read with them.

Thank you for your prompt return of homework.
