

Ruby Class News

It's been a busy second week back for Ruby class!

In **English** we have been using adjectives to expand nouns. We looked at Cuddles the lost toy in our story and wrote expanded nouns for his different features. We then used these ideas to write some describing sentences for a lost poster to help find him. In **Maths** we have been learning about fractions, finding $\frac{1}{2}$ and $\frac{1}{4}$ of shapes. Our **Science** this term is all about materials so we spent our Science lesson investigating the material of lots of different objects within our classroom. We found lots of objects were made from more than one material. We have been excited to start our **DT** learning where we are learning all about joining, in particular sewing. We will be making our own puppets so this week spent some time investigating the joining and materials of lots of different puppets.

DT – investigating puppets materials and joining techniques

Coming up next week	Way to support at home (home learning)
<p>In English we will be writing our own 'Toys in Space' stories.</p> <p>In Maths we will be learning about fractions, finding $\frac{1}{2}$ and $\frac{1}{4}$ of amounts.</p>	<p>Read 5 times a week</p> <p>Go through sounds in blue phonics books (new sounds stuck in on Fridays)</p> <p>Matheltics set each Friday</p>

Have a lovely weekend,

Mrs Grainger
