

📰 Ruby News

This week the children have explored their finger prints after an assembly based on our value inclusion. We discussed how we are different and celebrated what we are good at as individuals.

We had a visitor come through our magic door this week to help us plan our dragons for the school project linked to the trip to the castle. The children practised their moulding skills using play dough ready to sculpt our dragons next week.

The children loved bedtime stories on Thursday. A big thank you to the **AHS Friends** for providing hot chocolate and biscuits to make the experience even more enjoyable!!

We have been focusing on number bonds in maths and it would be brilliant if they practised them at home. Here is a link to a video that we use to help practise

We are very keen to have family members come in and help Ruby class whenever possible either mornings or afternoons. If you are interested then please ask for a DBS form (for safeguarding certificate) from the office to fill out to get the process started! Have a lovely weekend!

Miss Tyler ☺
