

Ruby Class News

Well done to all the Rubies for a fantastic sports day this week. All the children were fantastic joining in with many different races and field activities as well cheering each other and their houses on!

In **Science** we have been putting our knowledge about plants to the test in our school garden, digging up weeds to identify the plant structure, measuring and comparing length of roots, stem and leaves. We have also planted our beans out in our planting bed ready to watch them continue to grow. Thank you for all the cardboard that came into class, we made use of it in our **DT** learning constructing chairs for Baby Bear using our learning about joints to help us.

Science – investigating plant structure in the garden

Coming up next week	Way to support at home (home learning)
After half term we will be sharing our new book, Little Red and the very hungry lion.	Read 5 times a week (Books changed on Fridays)
	Mathletics task – Balance numbers to 10
	Word reading task – QR code stuck in reading record SET 3

Have a lovely half term break, Mrs Grainger
