

## Ruby News

This week the children have been retelling the story of Little Red Riding Hood through role play and continued retelling the Three Little Pigs in our outside area. It would be great to read different traditional tales at home to help with retelling and understanding the order of stories.

In maths we have explored height by measuring and ordering our painted flowers to see how tall they are. The children are getting really good at using language of tallest, shortest, taller and shorter.

Following discussions about global warming the children have explored freezing and melting in the environment. Some have also made posters using collage and drawing to make people aware of the problems.

**We are very keen to have family members come in and help Ruby class whenever possible either mornings or afternoons. If you are interested then please ask for a DBS form (for safeguarding certificate) from the office to fill out to get the process started! Have a lovely half term!**

*Miss Tyler* 😊
