

# Ruby Class News

A very hot week for us all but the Rubies have kept on going as super learners despite the heat!

In **English** we have been using conjunctions to join clauses and using this to write speech bubbles. The children enjoyed speaking and writing as the different characters from our story Little Red and the very hungry lion. In **Maths** we have been focusing on larger numbers within 100 and recapping counting in 2s and 5s. This term in **Art** we are learning about sculpture using clay. Our first lesson focused on the artist Natalie Blake but this week we got our hands on the clay! We learnt some techniques to manipulate clay with our hands and next week we will be testing different tools to create texture and shape.

This week we went on our local walk to support our recent Science and Geography learning. The weather was incredibly hot but Mrs Dimery, who led the trip on my behalf, said the children were fantastic. Well done Rubies!

Coming up next week	Way to support at home (home learning)
In English we will be story writing.	Read 5 times a week (Books changed on Fridays)
In Maths we will continue to recap our knowledge of numbers within 100 and counting in 10s	Mathletics task – groups of 5

Have a lovely weekend, Mrs Grainger
