

# Ruby Class News

Well done on another week of fantastic learning Rubies!

In **English** we have been writing sentences using pictures from our story, The Snail and the Whale. Using our phonics skills to add s or es to make plurals we have written some of the different things the snail saw on his journey. In **Maths** we have been adding single digits using counting resources to help us. We have also been practicing forming our number correctly and making sure each single digit fits within the squares of our maths books. **Mathletics** log ins have been stuck into your child's reading record. Follow the QR code or website to log into their account where learning will be added each Friday. In **Geography** we recapped our learning about human and physical features before going on to think about what makes a village different to a town or city. We looked at maps, aerial view and photos of our village Wickwar before drawing some of its features. In **Art** we have been learning about cool and warm colours.

*On Wednesdays PE we are focusing on skills for games with Mrs Mac*

## Key dates:

Coming up next week	Way to support at home (home learning)
In English we will be writing postcards from the snail about his adventure with the whale. We will use our phonics learning from this week to add -ing to verbs.  In Maths we will be finding less than a number and subtracting single digits.	Read 5 times a week  Mathletics learning added each Friday

Have a lovely weekend,

Mrs Grainger
