Class: Topaz   Date of project Term 5 and 6

Project aims:

This project has a main focus with 'The World', encouraging lots of curiosity in the world around them. We will watch caterpillars and tadpoles as they change as well as carry out investigations. The children will be encouraged to talk about the things that they notice.

PSE –Develop understanding of how we can affect others feelings

CLL-explain what we see

PD – use of tools, making healthy choices with our food

Reading – individual targets

Writing – instructions, stories, recipes,

Numbers – solving problems and linking skills, sharing. Count in 2s, 5s, 10s

Shape, Space and Measure – symmetry, language of distance

The World –looking at changes with the environment and creatures.

People and Communities – people who help us in the community

Media and Materials – look at Henri Rousseau pictures

Use of imagination – role play in a jungle

How does it grow?

Significant text:

Hungry Caterpillar

Tadpole's Promise

Supertato books by Sue Hendra

Immersion:

Classroom will start with a jungle feel. There will be a jungle role play, safari hut reading area and lots of bugs, vines and plants.

Wow start: – Redwood Visit	What changes do we see? Look at changes in caterpillars, outside, floating and sinking etc.	What stories do we know about bugs? Retell and then write our own bug stories	How can we celebrate? Make a party for the butterfly hatching	How are vegetables super? Supertato books Talk about healthy choices Visit to Over Farm to see market garden and animals	How will he get away? Design and build a get-away vehicle for Supertato	Can we put on a show? Learn songs and practise performing a show with Ruby class	Final project outcome Performance of a joint show with Ruby class
