

Emerald News

It has been a bright and sunny first week back in Emerald class this week.

We enjoyed a busy WOW day on Monday dressed up as different traditional tale characters. We worked with a partner to find number and letter clues outside to spell out our focus story, Little Red Riding Hood. In the classroom we explored different story activities including making stick and straw houses for the little pigs, a beanstalk for Jack and porridge for Goldilocks. It was a fantastic day!

In **Computing** we will be learning to program simple moveable toys. This week we started to learn about positional language and had a go at being a human robot toy with a partner. We are using the words forwards, backwards, whole, half and quarter turn.

Have a lovely weekend,
Mrs Grainger
