

# Topaz News

Dear All,

We have had a fabulous first full time week in school. Lunches have been very successful and we are getting used to our new routine. I am very proud of all of the children.

## Phonics

We have started to look at the letters that go with the sounds. They are in the home learning books in the book bags. It would help your child to practise the sounds to the point that they can look at the sound and know the action. If they are going to practise writing them, refer to the formation sheet.

## Learning

We have been talking about Gem Turtle this week and trying to stick with our jobs until they are finished to build our stick-ability.

We have also talked about looking after our own things to help grow our diamonds. Giving your child some responsibility at home would help with this: Perhaps giving them the responsibility for making their bed in the morning would be a

start?

We have been looking at patterns and ordering numbers in maths.

There have been lots of other exciting things going on.

Kind regards,

*Sally Windmill*
