

# Topaz Newsletter

What a busy, busy week we have had in Topaz. This week we have been learning all about space through Aliens love Underpants. We started the week with a mystery arrival of aliens who stole our underpants. We have spent the week travelling to space and creating paintings of the aliens that took our underpants! Topaz class have also been looking into the composition of the number 5 and 2D shapes. The learning has been amazing this week and the children have been growing their brains in our purple zone. We look forward to next week where we grow our brains and learn more about space.

We also had a cheeky visitor in Topaz class who took some toast from the playground and all the children were very excited to see them!

## Reading:

- It is great to see the progress that Topaz class are making with their phonics. As mentioned last term we are going to be looking at children who have been reading five times a week.
- For those children who have been reading five times a week we will be awarding them a raffle ticket. These raffle tickets will then be collected and placed into a pot to help us choose our Topaz reading champion for the term.

## Lost items:

- Earlier in the week we brought out our lost property box which had about twenty unnamed jumpers/ cardigans in and various other pieces of clothing such as gloves. We have now added this collection to main school lost property which can be found in outside the office.

## Recycling & Junk modelling:

- Over the next few weeks, we will be starting some junk modelling project. As part of this we ask that the children can collect a long tube such as that from kitchen roll (please no toilet rolls). We will be using these to make rockets so if anyone has any spare, please do send these in as well.

We look forward to another amazing week in Topaz Class.
