## Topaz News

Dear All,

Thank you for coming along to the dragon hunt on Monday. We were very lucky with the weather and the children really enjoyed it.

When we reviewed our project together, it was one of their favourite things. We raised £15 which we will spend on some creatures to be curious about in our next project.

Remember we have a visit to Redwood on the Thursday of the first week back. No school uniform will be needed, just layers of old clothes that can get muddy and wellies. As with other trips to the woods, a clean pair of shoes in a named bag and a packed lunch will be required.

### **Sports Day**

We have started to practise our running, egg and spoon and medley races for this our annual sports day. This is early this year; 21.5.2019. We will race in the morning and parents can usually stay for a picnic lunch. I will send more details next term, but get the date in your diary.

### **Journal share**

Our next journal share will be on Wednesday 15.5.2019 at 3pm.

Have a wonderful Easter holiday. The children have been very interested in jungles and wild animals this week so they might like a trip to the zoo. We also looked at koala bears and found out that they now have these at Longleat Safari Park.

The green books have some learning suggestions for your child. Developing number fluency with adding and subtracting would really help us with our mathematical thinking next term.

Kind regards,

Sally Windmill
