

Topaz Class

Week four has been wonderful. This week we have moved on from Supertato to look at Michael Recycle and many other heroes. The children have been busy putting all their learning into action in all areas.

This week we have been using our mathematical thinking to build upon our learning of numbers. We have been looking at how to make 9 and 10 alongside focusing on recalling our different parts of 5.

In our art the children have been learning how to use different materials. We have been using wax crayons and dye to make Gotham city skylines.

Team Topaz have also been using plasticine to make their favourite superheroes. They used references of their favourite heroes and carefully chose the correct colours to make their models.

Key dates coming up:

- Thursday 28th March – Inset
- Tuesday 26th and Wednesday 27th March – Parents Evening

Coming up next week

Next week we will be moving into week four of Superheroes. We will be having a focus on who the real heroes in our community are with a special guest visiting Topaz Class later in the week. In our maths we will be having a focus upon numbers up to 10 looking at making the numbers with a focus on 5 and a bit.

We will be continuing to have our weekly forest sessions so please ensure that the children come with their forest gear on a Friday.

Way to support at home

Reading five times a week at home to help develop fluency in reading.
Practising the phonics sounds. Please continue to use the purple books to support the learning of phonics at home using the personalised home learning.

Practice counting to 20. Recalling parts of 5 and counting to larger numbers. There are videos on Evidence Me to support these areas.
