

Topaz News

This week, we have been learning more about the planets and constellations. We have enjoyed making moon maps and adding the things we might see in Space.

Next week, children can come back to school on Wednesday to do some stargazing with us. Please drop your child off at school at 5.15 and collect them at 6.30pm. We will also have a warm drink and a bedtime story. They can wear pyjamas and bring a teddy but we will be going on the field to stargaze so sensible shoes and a warm coat please. They can also bring a torch.

We would like you to help your child to make a rocket at home to test in the last week of term using our rocket launcher. It has to have an open end to slide onto the launcher with a diameter of at least 2cm. It can be as creative or as simple as you choose. (Lighter ones travel further than heavy ones) Please can they be brought into

school by Monday 9th Feb. Children have all drawn a plan for a rocket and labelled the different parts. These have been sent home in purple books.

From next week, PE Will be on a Tuesday and Friday instead of a Thursday.

| Coming up next week | Ways to support at home |
|---|---|
| PE on Tuesday and Friday – Please wear PE kit to school. Wednesday – Stargazing afterschool Thursday – celebration assembly Forrest Friday | <i>Practise recognising phonemes quickly and common exception words.</i> <i>Practise spotting digraphs in words.</i> <i>Read phonic reader every day.</i> <i>Recall all 6 ways to make 5.</i> <i>Recall some ways to make 10.</i> <i>Count in order to 20.</i> |

Important Dates:

Have a wonderful weekend,
Mrs Newcombe
