

# Topaz Class

Another learning packed week has gone by in Topaz class. The children have been busy learning more phase 3 sounds and learning about doubles. They have done some amazing learning! On Friday of last week, we made bird feeders to help the birds survive the winter.

As we have been exploring the world, we have had a focus on the birds in our local environment. We have made birdfeeders and have been busy bird watching making notes on all the different birds that have paid us a visit. We even saw a cheeky squirrel eating our feeders!

During our maths, this week we have been looking at doubles. We have been using our STEM sentences to help us remember our doubles. 4 is made of 2 and 2, double 2 is 4.

We have also been busy exploring space more through our role play. We have been learning about different space vehicles such as the mars rover and space shuttle.

## Key dates coming up:

- End of Term 3 – Friday 9<sup>th</sup> February
- Start of Term 4 - Monday 19<sup>th</sup> February

## Coming up next week

Next week is half term so we wish you a wonderful holiday. The first week back we will be continuing our space learning. In phonics we will be continuing with our final set of phase three before we go into revision. In our maths we will focusing on sorting objects into groups. Later in the week we will be focusing on odd blocks and even tops.

## Way to support at home

Reading five times a week at home to help develop fluency in reading.  
Practising the phonics sounds. This week personalised home learning will be sent home so please refer to the purple books to best support your child.
