

Topaz News

This Week

This week we read a story called the Leaf Thief. The first time we read it, I only read the first half of the story so the children didn't find out who the leaf thief was. They got excited making predictions about who they thought it was and why. There were some amazing ideas. The next day, we read to the end of the story and found out that the real thief was the wind! We have also introduced the Beebots, programmable robots that look like bees. We have used directional vocabulary to explain where they have travelled. Some children even made roads for them to travel along. In maths, we have focused on the number 3, recognising when there are 3 in a set. We are looking forward to welcoming you to our journal share next Wednesday at 3pm.

Emails

If you would like to contact me via email, please ensure you send it via the school office:

AlexanderHoseaPrimary@sgmail.org.uk

You can send it at any time of the day or night and they will forward it to me during working hours. I will respond within 3 working days.

Celebration Assembly

On Thursday afternoons we go to celebration assembly with the rest of the infants. Teachers' Awards and Values Certificates are presented to some children. Children are also able to bring in certificates or awards they have received out of school to show during assembly. These must have been awarded recently (in the last week or 2) and the same award can only be brought in once!

Coming up next week	Ways to support at home
