

Topaz Class

Week one has been great, the children have come back very well after the half term. We have been continuing with our space project. The children have been excellent learners this week and have learnt how to do lots of different things such as space reports.

This week we have been using our careful eyes to paint observational paintings of planets. We have been using water colours to paint detailed pictures of the planets. Then some of the children cut out the planets and wrote facts about the planets.

During our maths, this week we have been looking at odds and evens. We have been using the numberblocks to help us find numbers that have 'odd blocks' and 'even tops'.

Through our writing this week we have been training to be astronauts. The children have been busy writing space reports from the rocket focusing on what they can see in space.

Key dates coming up:

- Thursday 7th March – World Book Day
- Friday 15th March – Red Nose Day
- Thursday 28th March – Inset

Coming up next week

Next week we will be moving on from our space project. We will be starting our new project which is Superheroes!!
In phonics we will be starting our phase 3 revision so we will be going through everything we have learned so far.

Way to support at home

Reading five times a week at home to help develop fluency in reading.
Practising the phonics sounds. Please continue to use the purple books to support the learning of phonics at home using the personalised home learning.
