

## Topaz Newsletter

Dear All,

We have had an amazing time in Topaz this week!

We have introduced the dough disco to our routine this week. It is very good for our writing hands and arms. Get the children to show you some moves at home.

Our new dance this week helps us with crossing the midline.

<https://www.youtube.com/watch?v=GkrZBsOlt3k>

The Friends of Alexander Hosea have been very generous in buying us a full set of waterproofs which we have started to put to good use with a visit to the woods to make some friendship crowns.

### Scooters

Just to let you know that for health and safety scooters must not be ridden in the school site by children in school or younger siblings. There is a scooter rack near the gate but the children must walk with their scooter down the path from the gate.

Kind regards,

*Sally Windmill*
