

## Topaz News

### Learning

We found some giant footprints in our classroom this week. We measured them and used our mathematical language of longer/ shorter to compare them with our own and Jack's. At home, you can help by using this language too. We can get confused with long and tall.

We have exploring the story of Jack and the Beanstalk in role-play.

### **Letters and Sounds**

We have learnt more digraphs and trigraphs this week. Please use the keyring to practise. We have looked at:

ch/sh/th/oo/ee/ow/ou/er/ir/igh/ng/ar/or/air

**Journal share date :** *25.3.2019*

We are planning to have a bedtime story session soon to link with our project so watch this space for a date!
