

Ruby News

Last week on Friday the children loved making a bear face in the woods after going on a bear hunt!

This week many children chose to create pictures using shapes, dogs, rockets, dinosaurs and more!

The children have been trying to create different patterns in the environment which can help with number and reading.

We have been trying to build our muscles and develop our crossover lines to help our body and brain! Here is the link to the crossover song if you would like to practise at home.

<https://www.youtube.com/watch?v=GkrZBsOlt3k>

We are looking to see the children in full time next week!
