

Topaz Class

Another learning packed week has gone by in Topaz class. The children have been busy revisiting our di-graphs from phase 3 and learning all about seven. They have done some amazing learning this week! We also had a Boccia and Curling taster session earlier in the week which all the children enjoyed.

In our DT this week we have been junk modelling. This has involved us drawing a plan for a rocket and labelling all the parts. We then use the plan to help us make the rocket by cutting, joining and sticking recycled materials together to make the rockets.

During our maths, this week we have been looking at parts of numbers. This week we have been looking at parts of 7 in our Boolean sessions. We have also looked back at our patterning and how we can make patterns whilst in the purple zone.

We have focused on our chopping this week. We have used metal mike, Beebots and many other learning materials to help us with our chopping. Team Topaz have been using all their phonics learning to chop and write words.

Key dates coming up:

- Journal Share – Monday 5th February 15:00-15:30
- Parent Meeting – Thursday 8th February 15:00-15:30.
- End of Term 3 – Friday 9th February
- Start of Term 4 - Monday 19th February

Coming up next week

Next week our Maths focus is on doubles. The numberblocks episode 'Double Trouble' in series two is a great introduction to this learning.

Ways to support at home

Reading five times a week at home to help develop fluency in reading.
Practising the phonics sounds. This week we have been focusing on our di-graphs and have done a recap of the di-graphs we have learned please see purple books for advice on how to help more at home.
